Pumpkin Carving Safety Tips:

- Make sure there's an adult supervising.
- Choose a carving area with plenty of light and make sure your tools are dry to avoid slipping.
- Kids get to trace the face and help clean out the pumpkin, but adults should handle the carving.
- Using a pumpkin carving kit instead of kitchen knives can help cut down on accidents.
- Get creative with paint, markers and other art supplies if you don't want to carve.
